EDUCATION & AWARDS

Technical Web Designer Program TWD

British Columbia Institute of Technology-BCIT
May 2017 - October 2017

A full-time 6 months, hands-on, intensive program that teaches students a variety of modern web development skills with challenging assignments, structured projects, and industry experience.

Industrial Instrumentation & Controls

British Columbia Institute of Technology-BCIT
Diploma of Technical Studies
September 2012 - June 2014

CFUW Education Award

Canadian Federation of University Women
Fall 2012

Awarded by the Canadian Federation of University Women (CFUW) for academic achievement and leadership.

TECHNICAL PROJECTS | BCIT CLASS PROJECTS

Final Project | Client Project

Collaborated with a team of four to design and develop a responsive website for a local established hair salon under a new ownership. Liaised with the client to identify their needs and requirements and created wireframes and mockups before starting the coding stage. Built the website using HTML, CSS, SASS, PHP, JavaScript, Wordpress and GitHub.

From Mockup to Responsive

Built a responsive website for different devices from a pre-desinged mockup in a team of two using HTML, CSS, SASS, JavaScript and GitHub for version control.

TECHNICAL PROJECTS | BCIT CLASS PROJECTS

○ Responsive Single Page Website

Designed and built a responsive one page site where I used media queries and CSS flexbox to create a fluid design that fits different types of devices.

WORK EXPERIENCE

○ Controls Technician

FTT Engineering Inc.

May 2015 - Present

- Configured and programed PLCs per project description and ensured consistency in hardware configuration - CPU backplane, I/O (analog and digital) and communication modules.
- Performed troubleshooting of ladder logic and controls instrumentation devices and developed preventive maintenance and training manuals for plant operators.

○ Project Coordinator

QMUNITY Resources Center

September 2012 to September 2013

- Recruited and coordinated volunteers to research and develop a resources guide for LGBTQ2+ immigrant and refugee youth in Metro Vancouver.
- Created training programs for organizations on how to better understand the specific needs of LGBTQ2+ immigrant and refugee youth.
- Oversaw the project budget and after completion wrote a final report to funders which got me featured in the Vancouver Foundation magazine Fall 2013.

PROFESSIONAL AFFILIATIONS

○ Mentor at HTML/CSS workshop

Ladies Learning Code

August 2017

○ Member of Vancouver Wordpress Meetup

June 2017 - Present

○ Member of Women Who Code

February 2017 - Present

COMMUNITY INVOLVEMENT

○ Graphic & Web Designer

Friends of Cuba-Vancouver

March 2015 - Present

Help with creating event posters, brochures and other outreach materials. I also volunteered my time to help with website administration and updates.

○ Director-at-Large

Vancouver Pride Society

March 2014 - Present

Serve on the board of directors of the Vancouver Pride Society, a not-for-profit organisation which produces quality, inclusive events such as the Pride Parade and Festivals that draw a crowd of over 600,000 people.
